2. Principles and Values Statement

The principles of the Children Act 1989, Children Act 2004, the Adoption & Children Act 2002 and accompanying Regulations and Statutory Guidance, the Children and Families Act 2014, the Education and Adoption Act 2016, the Children and Social Work Act 2017, the United Nations Convention on the Rights of the Child, the Human Rights Act 1998, the Equality Act 2010, and the Adoption National Minimum Standards 2014, all underpin the work of Adopt Thames Valley.

The **Values Statement in Appendix A** is adapted from the 2011 and 2014 National Minimum Standards and sums up the important principles which underpin all adoption work within Adopt Thames Valley and within the 7 partner local authorities in their permanency planning for children for whom adoption is the care plan. These values are equally applicable to children and adults affected by special guardianship.

Adopt Thames Valley is committed to promoting diversity and non-discriminatory practice. **Appendix E** reflects our vision for all those involved including staff and the wider community.

3. Aims and objectives

In accordance with the provisions of the Adoption and Children Act 2002, all local authorities have a duty to establish and maintain an adoption service in their area, to meet the needs in relation to adoption, of children who have or may be adopted, of adults who have been adopted, parents and guardians of such children and persons who have or may adopt a child. Bracknell Forest Council, Oxfordshire County Council, Reading Council, Royal Borough of Windsor and Maidenhead, Swindon Council, West Berkshire and Wokingham Council have delegated most of those functions to Adopt Thames Valley. Further information can be found about this in **Appendix B - Schedule of Responsibilities**. It explains in more detail which functions remain the responsibility of the local authority and which have been delegated to Adopt Thames Valley.

Adopt Thames Valley is committed to achieving the earliest possible permanence in order to maximise a child's potential and attachment capacity and aims to ensure that all children where the plan is likely to be adoption are considered for an Early Permanence placement. Adopt Thames Valley aims to ensure that children who are unable to live with their birth family, and for whom adoption has been agreed as the plan, can move without delay to a permanent, stable and loving family in which their needs will be fully met throughout their lives. This can only be achieved if the needs of all of those touched by adoption or special guardianship are also supported, including adoptive parents, special guardians, adopted adults and birth relatives.

Adopt Thames Valley's vision is to achieve excellent outcomes for children and adults affected by adoption and special guardianship by:

- Working closely with our partner local authorities and other stakeholders to ensure that children's best interests are at the heart of placement decisions which will fully meet their needs
- Targeted recruitment and the establishment of a wide and diverse pool of prospective adopters
- Matching so that children are placed without delay in secure, loving families
- Providing creative and outstanding adoption and special guardianship support services
- Investing in our workforce to ensure they have the right skills and capacity to deliver excellent services
- Continually seeking to apply best practice and innovation to our ways of working
- Actively listening to and learning from children, adults and staff with whom we work to develop and improve the services provided

7. Adopt Thames Valley Adoption Panel

Adopt Thames Valley operates Adoption Panels based in both Woodley and Oxford, constituted in accordance with legislation, regulations and guidance. The Panels each have an independent chairperson, and a Central List from which each Panel is drawn. There is no legal maximum number of Panel members at each Panel but in practice, usually a maximum of 6 or 7 attend each Panel, including the Panel Chair. Medical advice to Panels is provided on a rota basis. The Panel is serviced by a full-time Panel Administrator and has access to legal advice if needed. The professional advice to the Panel is provided by the two Agency Advisors, one of whom will attend each Panel to ensure the smooth running and to advise on policies and procedures.

Current membership includes individuals with personal experience of adoption (adopters and adopted adults), and other independent members based in education settings. It also includes social workers both with direct experience of adoption work and those based in various settings, including Looked After Children (LAC) and fostering. Panels are balanced as far as possible in terms of gender, age, ethnicity and experience.

The functions of the Panel in relation to adoption matters are:

- to recommend whether prospective adopters are suitable to adopt a child;
- to recommend whether a proposed match between a child and prospective adopters is a suitable one;
- in circumstances where a child is relinquished for adoption and no Placement Order is applied for, to recommend whether the child should be placed for adoption.

The Panel can also give advice about the suitability of applicants to fulfil the fostering role in Fostering for Adoption placements; numbers and ages of children in relation to prospective adopters; about post-adoption contact; delegated parental responsibility and adoption support plans. The Panel has a consultative role regarding the agency's policies and procedures, and a monitoring role regarding quality assurance and ensuring that the timescales as set out in the Adoption & Children Act 2002 are met.

The Adopt Thames Valley Adoption Panels make recommendations based on written reports prepared in advance by the child's social worker and adoption social worker, and on the social worker and/or team manager's attendance at Panel to discuss and clarify any issues relevant to the application. When considering the approval of prospective adopters, or a match between prospective adopters and a child, adoptive applicants have the option of attending Panel in person. Applicants who decide not to attend in person are not disadvantaged in any way and no judgement is made from their decision not to do so, although every effort will be made to assist their attendance.

The recommendations and advice of the Panel are referred, along with the final minutes of the meeting, to the relevant Agency Decision Maker (ADM), for a decision to be made and conveyed to all parties within the timescales laid down in the Adoption & Children Act 2002.

8. Systems for the monitoring, quality assurance and evaluation of services

Adopt Thames Valley will undergo regular internal and external scrutiny to ensure that services are robust and of good quality. This will be achieved by:

- Collection and scrutiny of quarterly data, recording outcomes for children and adopters.
- Submission of quarterly statistical reports to the Adoption Leadership Board.
- Tracking systems to measure the timescales involved for providing services.
- Adopt Thames Valley's Operational Management Board quarterly meetings to review outcomes against key performance indicators and national standards, and to review budgets and the financial state of the agency.
- Agency Advisors and ATV Panel Independent Chairs providing quality assurance feedback every six months on the quality of reports being presented to the Panels and whether there is a thorough, rigorous, consistent and fair approach across the region in the assessment of whether a child should be placed for adoption, the suitability of prospective adopters and the proposed placement.
- Agency Advisors providing individual and/or group support/training to social workers/managers on the quality of Child Permanence Reports, including whether the requirements of the Restrictions on the Preparation of Adoption Reports Regulations 2005 have been met, and monitoring adopter approvals and linkings for timeliness and compliance with regulations.
- Six-monthly reports by the ATV Service Manager to the ATV Strategic Partnership Board and to the executive officers of each Council. These reports address the management, outcomes and financial state of the agency, and monitor the management and outcomes of the service, to satisfy the local authorities delegating adoption functions to ATV that the agency is effective, achieving good outcomes for children and other service users, and complying with the conditions of registration.
- Regular team meetings in each team and regular whole-service meetings to consider and analyse performance across the service and for staff to take part in practice development sessions.
- Service user feedback sought at various stages of the adoption process – for example, after Preparation Group, after approval and linking Panels - and in relation to special guardianship services.
- Regular evaluation of Preparation Group and training courses for adopters/special guardian to improve service-user experience and inform the development of the service.
- Second-opinion visits to prospective adopters where issues arise during the assessment.

- Statutory reviews, chaired by Independent Reviewing Officers (IROs), and planning meetings providing a structure for the agency to record progress in individual cases.
- Routine monitoring of staff performance during regular supervision sessions with line managers.
- Induction programme for new Adoption Panel members and annual appraisals for all members, including the Independent Chairs, to monitor performance.
- Auditing of case files.
- ATV Annual Report and update of the *Statement of Purpose* and *Children's Guide to Adoption* and *Children's Guide to Adoption Support*.

Appendices

Appendix A - Values Statement

The values statement below is adapted from the 2011 and 2014 National Minimum Standards for Adoption and reflects the values of Adopt Thames Valley.

Values – children

- The child's welfare, safety and needs are at the centre of the adoption process.
- Adopted children should have an enjoyable childhood, and benefit from excellent parenting and education, enjoying a wide range of opportunities to develop their talents and skills, leading to a successful adult life.
- Children are entitled to grow up as part of a loving family which can meet their needs during childhood and beyond.
- Children's wishes and feelings are important and will be actively sought and fully taken into account at all stages of the adoption process.
- Delays should be avoided as they can have a severe impact on the health and development of the children waiting to be adopted.
- A sense of identity is important to a child's well-being. To help children develop this, their ethnic origin, cultural background, religion, language and sexuality need to be properly recognised and positively valued and promoted.
- The particular needs of disabled children and children with complex needs will be fully recognised and taken into account.
- Where a child cannot be cared for in a suitable manner in their own country, intercountry adoption may be considered as an alternative means of providing a permanent family.
- Children, birth parents/guardians and families and adoptive parents will be valued and respected.
- A genuine partnership between all those involved in adoption is essential for the National Minimum Standards to deliver the best outcomes for children; this includes the Government, local government, other statutory agencies, Voluntary Adoption Agencies and Adoption Support Agencies.

Values - adopted adults and birth relatives

- Adoption is an evolving lifelong process for all those involved - adopted adults, and birth and adoptive relatives. The fundamental issues raised by adoption may reverberate and resurface at different times and stages throughout an individual's life.

- Adopted people should have access to information and services to enable them to address adoption-related matters throughout their life.
- Agencies have a duty to provide services that consider the welfare of all parties involved and should consider the implications of decisions and actions for everyone involved.
- Agencies should seek to work in partnership with all parties involved, taking account of their views and wishes in decision making.
- Agencies should acknowledge differences in people's circumstances and have established policies that provide non-discriminatory services.
- Adopted adults should have their adoptive identity safeguarded and the right to decide whether to be involved in contact or communication with birth family members.

Values – adopters

- The role of adoptive parents in offering a permanent family to a child will be valued and respected.
- All adoptive applicants will be treated fairly, openly and with respect throughout the adoption process. No applicant will be discriminated against on grounds of disability, ethnicity, culture, language, sexuality, gender, financial status or marital status.
- All applicants are entitled to know what issues will be considered in their assessment and will be kept informed of progress throughout. They will receive a copy of their assessment report before an adoption panel meeting, have the opportunity to comment on the report, and to attend panel and be heard if they wish.
